menunjukkan jumlah data yang teridentifikasi sebagai hoaks pada setiap kota di Indonesia

## Kota dengan Jumlah Hoaks Tertinggi

menunjukkan tiga kota dengan persentase jumlah hoaks tertinggi

## Frekuensi Probabilitas Hoaks per Kata Kunci

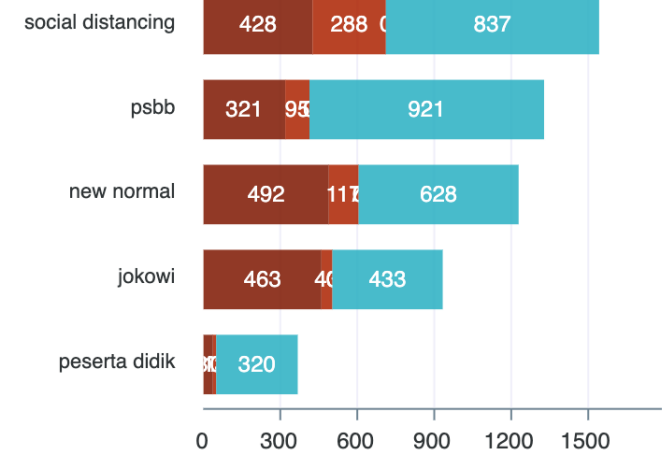

menunjukkan jumlah data hasil klasifikasi hoaks pada setiap kata kunci

5 Kata Kunci

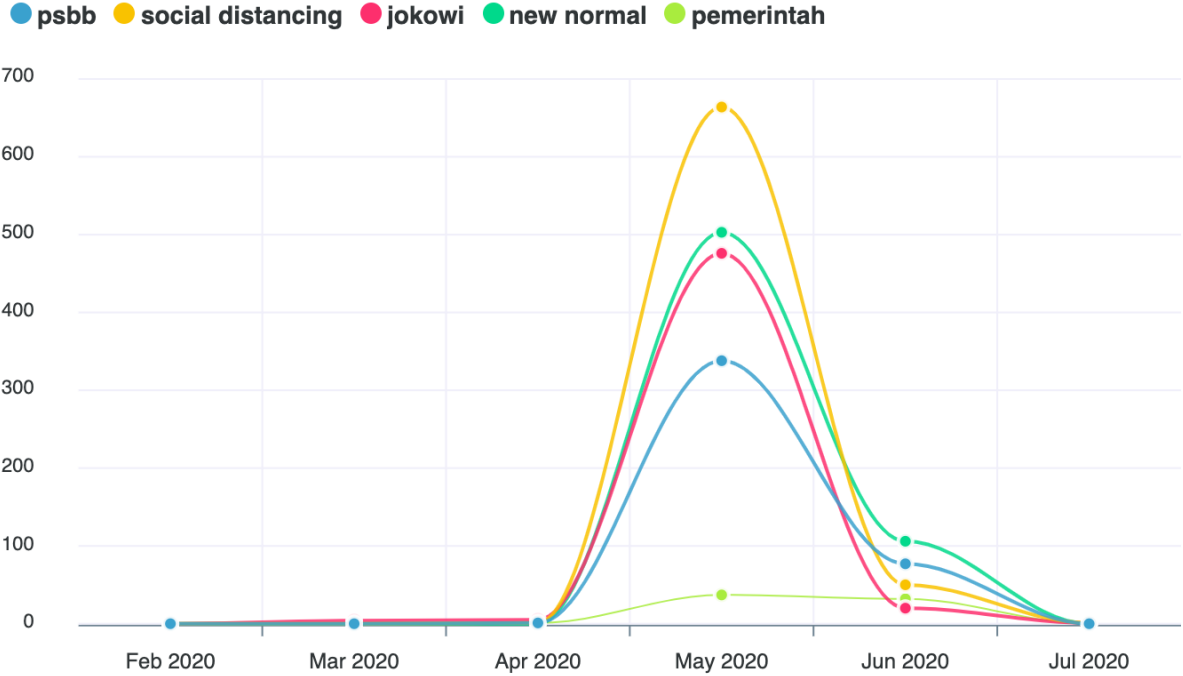

Terapkan Ulangi

Probabilitas Hoaks

● 90% ● 60% ● 30% ● Fakta

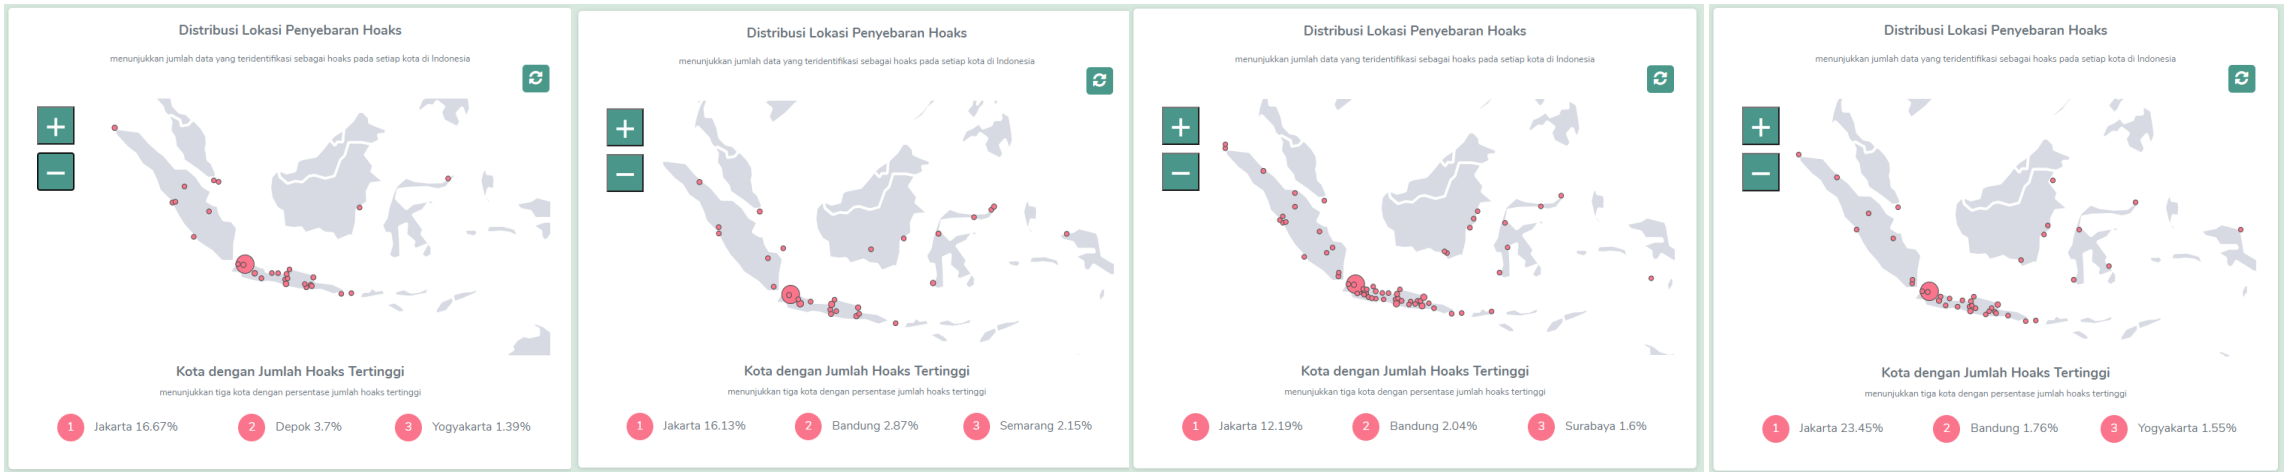

# What We Found so far: Hoax Analysis

# What We Found so far: Hoax Analysis

# Closing

- **Social media feeds and News portal can be analysed using Artificial Intelligence Technology**
- Two types of analysis are conducting in covid19-socmed.id
  - Sentiment Analysis
  - Hoax analysis
- Data collected can be analysed further to find out what people's opinion during the pandemic
- It may be of beneficial when someday in the future we look back to see how we discuss the covid19 in the year of 2020.
